The Hughenden Street Association vision:

For community life in Hughenden Parish to become better connected, supportive/supported, stronger and friendlier so that all residents are involved in it to the level they desire. This means working to create safer and connected communities encouraging residents to identify the needs of their neighbours to help them engage in the community. The Association has a key role to play in helping develop links to existing facilities whilst also working to support community groups to reach out to as many residents as possible.

So much has been achieved by the Street Association with more still to do together. Take a look: <http://bit.ly/2Skst40>

What's New at Hughenden Street Association?

Since the Covid19 pandemic began HSA has been working hard to work collaboratively with like-minded local community organisations as well as consolidating existing relationships. This has been very successful and the work continues!

The HSA Steering Group has also been looking ahead and we have some great news – both now and in the near future!

Here are a couple of 'must not miss' community events:

Residents in Hughenden Valley will know about the **HSA Pub Lunch** at the Harrow. It was a great success which in large part was due to the tireless work of Anne Smart, Ward Leader. We are delighted to announce that not only is the pub lunch back we are also extending the invitation to come along to **ALL** residents of Hughenden.

HUGHENDEN PUB LUNCH IS BACK!

Join us for a social lunch at The Harrow Pub, Warrendene Rd, Hughenden Valley

STARTING
6TH
October
2021

12.30PM EVERY
1ST WEDNESDAY OF THE
MONTH

PLACES MUST BE BOOKED
(NO TURNING UP PLEASE)
CONTACT ANNE SMART TO
RESERVE 07970 037419

Buckinghamshire Council

Demand is likely to be high so to reserve your place please contact Anne Smart on 07970 037419.

Coffee & Chat

The Hughenden Street Association, in partnership with Morrisons, is holding a weekly coffee morning to introduce likeminded residents. There will be an opportunity to share what topics you'd like to hear about for future talks.

Age is no barrier, all welcome! Bring a friend, neighbour, carer or come along on your own where a friendly host will greet you in the cafe. Find shopping a struggle? No problem, a member of Morrisons will do your shop while you enjoy a cake!

Starting 6th October 2021
and every Wednesday 10-11am
at
Morrisons, Temple End, High Wycombe

We are thrilled to announce also our partnership with the High Wycombe branch of leading supermarket, **Morrisons**. Each Wednesday between 10- 11am from 6th October you will be able to pop along and meet Hughenden residents. If shopping is a struggle then a member of staff will do your shopping! See the flyer on the left for more details.

Both events are supported by Buckinghamshire Council.

Zero Waste Week 2021: 6th – 10th September

Across the country people took part in the 2021 Zero Waste Week. To find out more click [HERE](#)

Scams Champion: Working from home, update

Tips from the National Cyber Security Centre. Organisations can get further advice [HERE](#) Follow the Centre on Twitter: @NCSC

Home working: Managing the cyber risks

Working from home is not new to many of us, but the coronavirus (COVID-19) means organisations are using home working on a greater scale, and for longer periods. This page will help organisations preparing for dealing with home working. It also provides advice on spotting COVID-19 scam emails.

1. Setting up user accounts & accesses

Set strong passwords for user accounts; use NCSC guidance on passwords and review your password policy. Implement two-factor authentication (2FA) where available.

2. Preparing for home working

Think about whether you need new services, or to just extend existing services so teams can still collaborate.

NCSC guidance on implementing Software as a Service (SaaS) can help you choose and roll out a range of popular services. In addition:

- Consider producing 'How do I?' guides for new services so that your help desk staff aren't overwhelmed with requests for help.
- Devices are more likely to be stolen (or lost) when home working. Ensure devices encrypt data whilst at rest. Most modern devices have encryption built in, but may need to be turned on and configured.
- Use mobile device management (MDM) software to set up devices with a standard configuration in case the device needs to be remotely locked, or have data erased from it.
- Make sure staff know how to report any problems, or raise support calls. This is especially important for security issues.
- Staff feeling more exposed to cyber threats when home working should work through the NCSC's Top Tips for Staff e-learning package.

www.ncsc.gov.uk @NCSC National Cyber Security Centre @cyberhq

3. Controlling access to corporate systems

Virtual Private Networks (VPNs) allow home workers to securely access your organisation's IT resources (such as email). If you've not used one before, refer to the NCSC's VPN Guidance, which covers everything from choosing a VPN to the advice you give to staff.

If you already use a VPN, make sure it's fully patched. You may need extra licenses, capacity or bandwidth if you're supporting more home workers.

4. Helping staff to look after devices

Whether using their own device or the organisation's, ensure staff understand the risks of using them outside the office. When not in use, staff should keep devices somewhere safe.

Make sure they know what to do (and who to call) if devices are lost or stolen. Encourage users to report any losses as soon as they can.

Ensure staff understand how to keep software and devices up-to-date, and that they apply updates promptly.

5. Using removable media safely

USB drives may contain sensitive data, are easily lost, and can introduce malware into your systems. To reduce the likelihood of infection you can:

- disable removable media using MDM settings
- use antivirus tools where appropriate
- only permit the use of sanctioned products
- protect data at rest (encrypt) on removable media
- encourage alternative means of file transfer (such as online tools).

Naphill Neighbours at NapFest 2021

Keen bakers still have time to contribute to the **Cake Stall** at this weekend's NapFest. You can bring cakes, bakes and preserves on the day to the stall by 10am or contact Jo Keatch to arrange delivery: 01494 569393
